

2024 SHSGP Question and Answers

1. Q. Would chain link fencing require an Environmental and Historic Preservation (EHP) screening form?
A. Yes, any activity that compacts or disturbs the ground within a project area requires completion of an EHP screening form.
2. Q. EHP for fiber, run underground at street intersection?
A. Yes, any activity that compacts or disturbs the ground within a project area requires completion of an EHP screening form.
3. Q. For a submission from a county government is a current financial audit required? If so, would it need to be completed by submission or by date of award?
A. Yes. A current 133 audit is required. The audit should cover the previous fiscal year to ensure compliance with relevant regulations and requirements.
4. Q. If your proposal covers multiple investment types, how is that indicated on the excel spreadsheet since the drop-down box only allows one choice?
A. A project may involve several different investments. However, you should categorize the project under the one investment area where it fits best by selecting the appropriate option from the drop-down menu.
5. Q. Is it possible to put all these forms on your website?
A. Yes, all forms are available on our website. You may find them at [State Homeland Security Grant Program \(SHSGP\) - NMDHSEM](#)
6. Q. Do I need a Hazard Mitigation Plan in order to apply for these funds?
A. No, you do not need a Hazard Mitigation Plan in order to apply for these grants.
7. Q. Do I need to have a budget form attached to my application?
A. Due to the number of questions regarding a budget worksheet, we are distributing it and posting it on the website. Please use this form to ensure you meet the minimum spending requirements.
8. Q. How do I list the priority of my projects?
A. In the project info tab under project number, you will list your first priority (#1) and so on through the tabs.
